

We hope you have a fun filled Merry Christmas & a Happy New Year! We wish you a prosperous 2012 as well. We have a lot to talk about for this 2011 newsletter.

We have hired Cindi Umstadt as our new customer service representative. Cindi has many years of office experience and she is helping us out tremendously. We also have Rhonda Rohrbeck as our agency office manager and agent. She can take care of all your insurance needs for auto, home, recreational vehicles, collector vehicles, billing questions and/or changes for farm, home & auto accounts. We also have Roger Weinberger for sales of farm, home, auto, Life. Roger can also assist with renewals. Roger has many years experience in farm insurance sales, having wrote farm insurance himself for many years. For Medicare Supplement, health and life insurance and disability coverage's we have Rich Grennan. Rich is very familiar with Medicare supplements, having one himself gives him a leg up on the competition in a lot of cases. In 2010 we added AFLAC, Markel Insurance Company and Sheboygan Falls Insurance Company to our 30+ list of companies we offer.

I wanted to announce that I have thrown my hat in the ring for State Senate Seat #14. I wanted you to hear it from me first. We have built up the agency staff to help out in case I would be fortunate enough to win the election in 2012. This will not in any way change the way Eiler Insurance Agency, LLC conducts business. We have more than enough staff to cover the work I typically have done. So we ask that you not be concerned about our agency functions, they will remain as they always have been. We thank you for your business and look forward to many more years of it!

Sincerely Yours,

David Wayne Eiler / Eiler Insurance Agency, LLC
